- MATTERS NEEDING ATTENTION
- 1. You need an assistant to complete the installation.
  - 2. Before all parts are in place, do not over-tighten the screw.
  - 3. In order to avoid giving you a bad installation experience, please follow the following steps in the installation instructions, and carefully distinguish between screws and boards.
  - 4. To avoid choking hazards, please keep small parts and packaging materials away from children.
  - 5. Adult assembly is required. Keep away from children during installation.
  - 6. After the installation is completed, you can use cotton cloth to clean the board.
  - 7. If you have any questions, please contact us, our email address is on the cover.

## LED Smart Mirror Instructions and Notes

Voltage: 12V  
Power: ≤36W

Light Color  
Adjustment

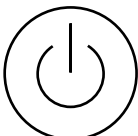

ON/OFF

Light Brightness  
Adjustment

Touch the M to switch the color of the light.

Touch the center to control the light on or off.

Press and hold P to adjust the brightness of the light. (Cycle)

**Note:** This 12V power adapter only applies to the power supply of this product, the first time you touch the switch there will be a 2-second start-up delay, which is a normal phenomenon and does not affect use.
